Tamilnadu Petroproducts Limited

Leadership Comment:

Mr. Ashwin Muthiah, Vice Chairman – TPL and Founder Chairman, AM International, Singapore said: "We have delivered a good and notable performance this quarter, with both revenue and profitability recording more than two-fold growth over the corresponding period last year. This reflects our ability to navigate a challenging macroeconomic environment through continuous operational improvement, cost discipline and a sharper focus on meeting customer requirements.

Our focus on sustainable products and carbon-neutral manufacturing will remain central to our long-term growth strategy and our efforts to build a more competitive and future-ready business."

About Tamilnadu Petroproducts Limited

Incorporated in the year 1984, TPL is one of the leading manufacturers of industrial intermediate chemicals, viz., Linear Alkyl Benzene (LAB), Caustic Soda and Propylene Oxide in the country. The Company also sells Chlorine as a co-product of Caustic Soda.

LAB is used extensively in detergent production and also as solvent and binder in specialty products such as cable oil, ink, paint, insulations, etc. Caustic Soda finds wide applications in textile, pulp & paper, aluminium and soaps & detergents, etc. Chlorine finds use in vinyl chloride, chlorinated paraffin wax, pulp & paper, water purification, chlorinated solvents, etc. and Propylene Oxide is the feedstock for Polyols and other Petrochemicals production of which was commenced in 2018-19

The Company is committed to sustain and improve upon its performance in petrochemical sector meeting all stakeholders' expectations following best practices.
